

KASAKA RIVER LODGE with NTANDA VENTURES

Affordable safaris in Zambia's best safari locations.

Set in the Chiawa Game Management Area bordering the Lower Zambezi National Park is the Kasaka River Lodge. Kasaka offers a fantastic riverside location on the banks of the Zambezi River, directly across from the Mana Pools in Zimbabwe.

Offering 8 en-suite tented chalets or the Hippo Pod family unit (2bedroom/2 bathroom) affords maximum privacy with stunning 270° views of the river. The tents are clustered on either side of main living and deck areas that are situated in the middle. Kasaka's outdoor, communal main and dining areas are the heart of the camp. Set overlooking the beautiful Zambezi river, with the escarpment providing a dramatic backdrop, the view is truly stunning.

Activities at Kasaka River Lodge

Kasaka is just four kilometers by road from the Lower Zambezi National Park. Game viewing or boat cruises. Fishing is also highly recommended and the guides love to assist you, or your children to try and catch an impressive Tiger Fish or just relax by the swimming pool watching the river go by with your favourite book. Self-catering or catered safaris available.
